## FENCES PERFORMERS AUCTION : a first that calls for more

After Deauville and Bourg-en-Bresse in 2022, the Fences partners had chosen Fontainebleau and the Printemps des Sports Equestres to organize a new performers auction.

In a Grand Parquet superbly dressed by GL events for the French championships and four CSI from 1 to 4\*, the Fences stables located behind the main stand housed the thirteen young horses from 5 to 8 years old, handpicked and available for trial all week.

In addition to the 400 guests of the Agency, a large audience remained on Saturday evening to attend the auction of these future champions, completed with a choice of 8 embryos with exceptional genetics and whose birth is expected in the coming weeks.

In a perfectly oiled staging and in the convivial atmosphere which is the trademark of the Agency, the 21 lots succeeded one another in hand on the track while all the screens recalled their performances and those of their parents.

The clientele responded to this new appointment, allowing 6 of the 8 embryos and 8 of the 13 performers to change owners for a total of 1,393,000€.

The Top Price is for Scarlett, an impressive 8 year old athlete sold for 250,000€ to Chinese investors. The 200,000€ mark was passed twice by French buyers.

Two embryos passed the €20,000 threshold: the  $\frac{3}{4}$  sibling of former world #1 Halifax Van Het Kluizebos and a product of Comme Il Faut with the uterine sister of Mylord Carthago.

With this new success, our ambition is to make this spring event a new must in the Fences calendar.

The next performers' auction is coming up fast as it will be held on May 22, this time online on Fences Web. The next «physical» auctions will take place in July and August in Deauville before returning to Bois-le-Roi in early September for the 35th edition of the Elite Auction.
